Work Experience

Express Scripts Inc / Global Data Management

Franklin Lakes, NJ

FRONT END DEVELOPER CONSULTANT

April 2020 – Current

- Re-engineering a legacy web application using React JS and Java Spring-Boot which will serve 50,000+ users per day.
- Leveraged SCSS and CSS Modules to generate both global and local styles which are consistent across all the pages.
- Created and maintained reusable React Components to be used across the whole application.
- Designed and created multiple UI mock-ups for A/B testing.
- Used Redux, and developed multiple complex actions/reducers to manage the whole application state.
- Used Jest and Enzyme extensively for unit testing.
- Participated and contributed regularly in peer code reviews.
- Worked in an agile and continuous integration environment facilitated by Jira and Jenkins.

Express Scripts Inc / Global Data Management

Franklin Lakes, NJ

FRONT END DEVELOPER CONSULTANT

Oct 2019 – Dec 2019

- Re-engineered the excel based UI to develop a REACT JS based web SPA.
- Developed various forms with multiple custom made components using REACT and REDUX-FORMS to validate and process user input.
- Developed editable tables to view and edit data with 15+ fields and 50,000+ records.
- Extensively used JavaScript PROMISES and ASYNC/AWAIT to implement asynchronous code across the application to ensure a smooth experience for the user.
- Consumed JSON data over multiple REST API's using AXIOS (FETCH API).
- Worked in an agile environment which facilitated rapid development and testing of new features.
- Leveraged JIRA to track and execute stories, and deal with issues in a timely manner

Global Data Management

Woodbridge, NJ

JUNIOR JAVA DEVELOPER INTERN

May 2019 – Sept 2019

- Developed React based web application to help manage and onboard new employees.
- Designed and developed multiple RESTful web services using JAVA, Spring-Boot as per as the application needs.
- Implemented multiple RestTemplate calls to establish communication with other micro-services.
- Translated design mock-ups into interactive UI components using React JS, JavaScript and SCSS.
- Leveraged JIRA to track and execute stories efficiently.

Bhavin Steel Pvt Ltd

Mumbai, India

FRONT END DEVELOPER

June 2016 – July 2017

- Developed a web application to let over 200 customers make purchases online.
- Create and managed form using JavaScript and JQuery.
